Notes for Editors:

About Redde plc:

Founded in 1992 and working predominantly with insurance companies, insurance brokers and prestige motor dealerships, the Redde Group of companies ("Group") provides a range of accident management and legal services. The Group also deals directly with large national fleets providing incident management and mobility continuity and its activities also encompass a range of legal services designed to assist claimant parties in partnership with leading insurance companies, brokers and other bodies.

The Group is one of the market leaders in its fields of business; it delivers accident management solutions to motorists ensuring that they remain mobile until their own vehicles are repaired or until they are put in a position to obtain a replacement and it provides legal services to ensure they are properly compensated for their injuries and losses where appropriate.

The name Redde is associated, in Latin, with the concept of restoration.
